

My Date With A Vampire – Episode 2

Ma Family Rules

Siu Ling: Grandaunt Danna?

Danna: I decided to pay you a visit since you've fainted.

Siu Ling: Are you sure you got that right? You entered my dream without my permission. You've violated my privacy!

Danna: Well, I've got to ask if you've been abiding by the Ma family's rules.

Siu Ling: I've not done anything against the rules. Don't you know I've been very busy?

Danna: It's best that you are. Are you still as greedy?

Siu Ling: Not as much as before.

Danna: Really?

Siu Ling: Grandaunt, which era do you think this is? We're no longer farming for our own consumption. We need money wherever we go.

Danna: You're so defiant.

Siu Ling: Well, that's not so. You said before I find a way to destroy the Vampire Commander, I can choose not to fight it. I remembered this word for word.

Danna: It's useless if you just remembered it. You have to be serious about it. Vampires have to be destroyed. In fact, through the efforts of the Ma and Mou family, all the vampires were destroyed 60 years ago. All except the one which even I can't destroy, and that's Vampire Commander.

Siu Ling: You said the Vampire Commander could sleep for up to a hundred years. I'm not sure if I'll be alive to see it.

Danna: I'm not so worried about Cheung Sun as the people whom he bit 60 years ago. Cheung Sun is different from other vampires. Those bitten by him look just like any normal human being. The differences being these vampires live on blood and have tremendous powers.

Siu Ling: I'll wait till someone pays me to subdue them.

Danna: Siu Ling! You've to bear in mind that you're a member of the Ma family. Although you've not reached the ultimate level, destroying vampires is your duty.

Siu Ling: OK. I'll charge less at most. Is that OK?

Danna: Hum, that's all right. I have to say this again. Every Ma family woman cannot shed a tear for man. If not all her powers will disappear. Remember.

Siu Ling: I've predicted that I'll have to be a spinster. Oh yes, you said you'd bring daddy and mummy to see me?

Danna: You'll get the chance someday. *(Siu Ling walks off.)*

Siu Ling: They passed away since my birth. I just wanted to see them.

Danna: You'll understand these matters one day. It's not easy to withstand the pressures of being a Ma. Do put in effort, Siu Ling. Sayonara.

Siu Ling wakes up from her dream.
