**The Nature of Love**

Facing the coast, Lai Li thought of when he caught hold of Shi Ya as she nearly fell down the cliff.

Tin Yau: Mr Lai Li, why didn't you tell me that there is such a beautiful cliff here, I can bring Zhen Zhen here for some fun.

Lai Li: This is a very nice place; my fiancée likes it very much. She can sit here the entire afternoon.

Tin Yau: Are you interested in chatting with a bad man? Lai Li nodded.

Tin Yau: Don't you think women are strange? When a woman falls in love with a man, no matter what the man does, she can ignore his wrongdoing. Just like my grandparents, they had never quarreled. Suddenly one day a woman came and took my grandfather away; there is no news of him since.

Lai Li: So your grandmother must have hatred him.

Tin Yau: No, whenever she talks about him, she never blamed anyone. What about you? Just now, when we heard about the story [told by the angels], you seem to have a great reaction.

Lai Li: You love to be a busybody don't you?

Tin Yau: That's because I don't wish to be the only bad man in this world, I hope you are also one of the bad man.

Lai Li: What about you? What wrong have you done Miss Wang?

Tin Yau: I'm the one asking the questions not you. All right, I will say first. Zhen Zhen and I share a strange relation. Before I met Zhen Zhen I got to know another girl. I liked her a lot but was rejected by her.

Lai Li: Ha ha ha ha.

Tin Yau: Then, Zhen Zhen appeared and we started dating, ever since, we have never quarreled.

---

Lai Li: You still think of the girl?

Tin Yau: Am I very bad?

Lai Li: Ya, I'm not siding with you but love is something that you really need to give everything when you fall in love. It is a gamble. You will never know the result until the very end.

Tin Yau: Never know result until the end? But at the end, there is no way to turn back. The worse is the person I'm facing is Zhen Zhen. I don't wish to hurt her. What have I done in the past life; I never seem to get anything right.

Lai Li: Give you a piece of advice; turn back before you have done anything wrong.

Tin Yau: Give you advice too; avoiding the issue isn't a good solution.

Lai Li: You are right I should face the reality.
